

# iPad Sales Ordering Handshake App Adapter

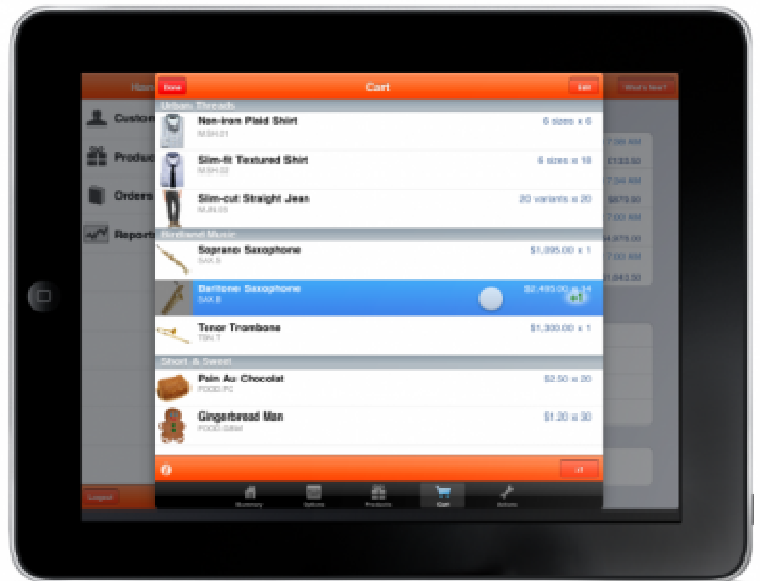

The Handshake App Adapter integrates WMS with a leading iPad & iPhone catalogue and sales order application **Handshake App**.

Upload item and customer details onto the Handshake and send back over via internet network sales orders to the WMS Sales Registry.

## 5 Reasons to get Handshake

- Write more orders, more quickly.
- Beautiful, rich sales presentations.
- Customer history and product info on hand at all times.
- Central management of products, orders and teams.
- Improve accuracy, save time and money.

## How Does it Work?

- Load products & customer data into the Handshake website from WMS
- Invite your sales team to the party
- Handshake instantly syncs to all your iPads and iPhones
- Write orders with your products and customers
- Orders sync to website back to WMS for fast fulfilment by your staff
